What is National Integration? How it can be achieved?

150 W-UPSC

The development and unification of common thought, belief and feeling among all the people of country for the benefit and prosperity of Nation as a whole can be summed as National Integration. It is a feeling of brotherhood in every citizen of country.

⇒ Ways to achieve National Integration!

- ① mutual respect
- ② respect for different culture and ideology.
- ③ interdining between diversified group of people.
- ④ stop differentiating people on the basis of caste, race, religion, gender etc.
- ⑤ increasing trust, love and affection
- ⑥ increase social harmony.
- ⑦ Increasing Modern Education

National Integration will lead to progress of country and its people. The best example of National Integration can be seen in Independence struggle of Indian where each and every Indian got united for the independence of country leaving back their diversities.
