

Q - What is NITI? Explain some of its latest efforts to transform India?

- ans :-
- NITI Aayog is a policy committee of Indian government
 - Established by PM Narendra Modi on 1 January 2015
 - This committee was formed a replacement of Planning Commission.
 - NITI stands for "National Institution for Transforming India"
 - This organisation has its own website "Niti Blog" which provides citizens all information related to the commission.

Latest efforts to transform India :-

① Cashless transactions :- After demonetisation, in november 2016, NITI Aayog has started a new dynamism to push Indian citizen toward "Digital payment" method.

② Improvement in health sector :

NITI came up with plans and new innovations to uplift performances in health of state.

③ Second Green revolution : NITI has increased ~~his~~ its agenda to increase feed 1.23 billion Indians by escalating crop production. Accordingly land policies are formed.

NITI Aayog is an advisory body and a "top-down" decision making committee, which provides critical & directional input in development process.

Excellent!
