Discuss the ethical base of Public Adm<sup>n</sup>.

### Introduction

Public adm<sup>n</sup> plays a crucial role in governance, policy implantation and public services. Ethics in public adm<sup>n</sup> ensures that the officials act in public interest, maintain integrity and democratic values.

### Ethical bases in public Adm<sup>n</sup>

① Integrity and honesty:- official must be truthful and must uphold integrity.

② Transparency and Openness→  
Encourage public trust by making adm<sup>n</sup> accessible and reduces corruption and increase efficiency

③ Impartiality and fairness→  
decision should be made without bias, discrimination and favoritism.

④ Accountability and Responsibility → Ethical accountability  
prevent misuse of power.

⑤ Rule of law → Actions must be align with  
legal framework and constitutional  
principal

⑥ Public Interest and welfare → policies and decisions  
must be in welfare of public instead of  
personal or political gain.

### Conclusion :-

The ethical base of public adm<sup>n</sup> is a  
fundamental to good governance. Ethics fosters  
trust, efficiency and just society.
